# The Manager: Omnipotent or Symbolic?

- **Omnipotent View of Management**

- Managers are directly responsible for an organization's success or failure.
- The quality of the organization is determined by the quality of its managers.
- Managers are held accountable for an organization's performance, yet it is difficult to attribute good or poor performance directly to their influence on the organization.

# The Manager: Omnipotent or Symbolic?

- **Symbolic View of Management**

- Much of an organization's success or failure is due to external forces outside of managers' control.
- The ability of managers to affect outcomes is influenced and constrained by external factors.
  - ❖ The economy, customers, governmental policies, competitors, industry conditions, technology, and the actions of previous managers
- Managers symbolize control and influence through their action.

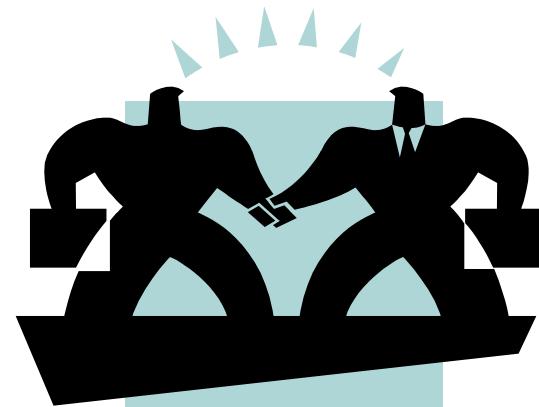

# Parameters of Managerial Discretion

# The Organization's Culture

## • Organizational Culture

- A system of shared meanings and common beliefs held by organizational members that determines, in a large degree, how they act towards each other.
- “The way we do things around here.”
  - ❖ Values, symbols, rituals, myths, and practices
- Implications:
  - ❖ Culture is a perception.
  - ❖ Culture is shared.
  - ❖ Culture is descriptive.

# Dimensions of Organizational Culture

# Contrasting Organizational Cultures

Dimension	Organization A	Organization B
Attention to Detail	High	Low
Outcome Orientation	Low	High
People Orientation	Low	High
Team Orientation	Low	High

# Organizational Culture

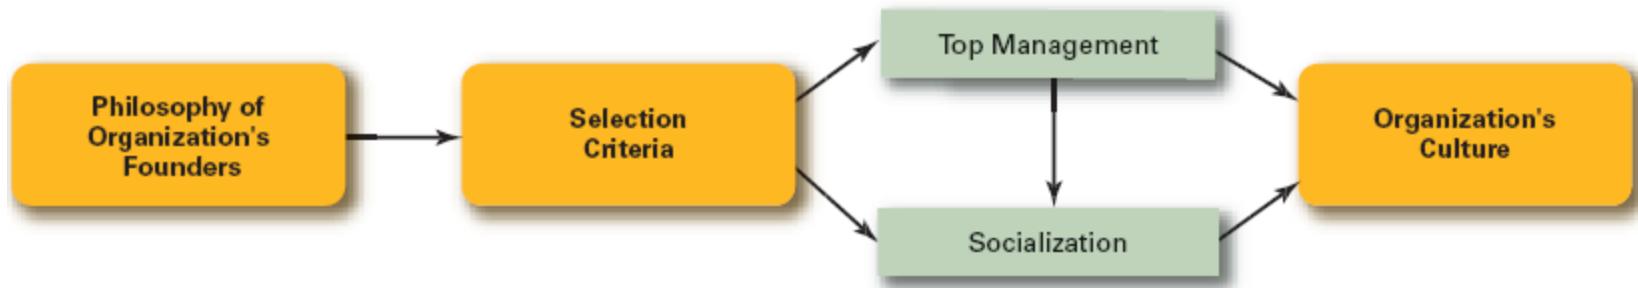

- Sources of Organizational Culture

- The organization's founder
  - ❖ Vision and mission
- Past practices of the organization
  - ❖ The way things have been done
- The behavior of top management

- Continuation of the Organizational Culture

- Recruitment of like-minded employees who “fit”
- **Socialization** of new employees to help them adapt to the culture

# How an Organization's Culture Is Established and Maintained

# Strong Versus Weak Organizational Cultures

---

Strong Cultures	Weak Cultures
Values widely shared	Values limited to a few people—usually top management
Culture conveys consistent messages about what's important	Culture sends contradictory messages about what's important
Most employees can tell stories about company history/heroes	Employees have little knowledge of company history or heroes
Employees strongly identify with culture	Employees have little identification with culture
Strong connection between shared values and behaviors	Little connection between shared values and behaviors

# How Employees Learn Culture

# How the Environment Affects Managers

- **Environmental Uncertainty**

- The extent to which managers have knowledge of and are able to predict change their organization's external environment is affected by:
  - ❖ **Complexity of the environment:** the number of components in an organization's external environment.
  - ❖ **Degree of change in environmental components:** how dynamic or stable the external environment is.

# Environmental Uncertainty Matrix

		Degree of Change	
		Stable	Dynamic
Degree of Complexity	Simple	Cell 1	Cell 2
		Stable and predictable environment Few components in environment Components are somewhat similar and remain basically the same Minimal need for sophisticated knowledge of components	Dynamic and unpredictable environment Few components in environment Components are somewhat similar but are continually changing Minimal need for sophisticated knowledge of components
Complex	Cell 3	Cell 4	
		Stable and predictable environment Many components in environment Components are not similar to one another and remain basically the same High need for sophisticated knowledge of components	Dynamic and unpredictable environment Many components in environment Components are not similar to one another and are continually changing High need for sophisticated knowledge of components

# Stakeholder Relationships

- Stakeholders
